

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Clayton Mark
DOCKET NO.: 25-00876.001-R-1
PARCEL NO.: 10-22-304-012

The parties of record before the Property Tax Appeal Board are Clayton Mark, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,219
IMPR.: \$185,183
TOTAL: \$233,402

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood frame exterior construction with 2,806 square feet of living area. The dwelling was constructed in 2007 and is approximately 18 years old. Features of the home include a basement with finished area¹, central air conditioning, and a 628 square foot garage. The property has an approximately 9,074 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable. The comparables have sites that range in size from 7,841 to 10,981 square feet of land area and are improved with 1-story dwellings of wood frame exterior construction ranging in size from 2,652 to 3,275 square feet of living area.

¹ The Board finds the best evidence of the subject's basement area was found in the property record card submitted by the board of review, not refuted by the appellant.

The dwellings range in age from 11 to 19 years old. Each comparable has a basement, with two having finished area. Each comparable has central air conditioning and a garage ranging in size from 460 to 660 square feet of building area. Five comparables each have a fireplace. The properties sold from March 2023 to April 2025 for prices ranging from \$579,500 to \$761,225 or from \$216.79 to \$244.65 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$215,105 which reflects a market value of \$645,380 or \$230.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$233,402. The subject's assessment reflects a market value of \$700,276 or \$249.56 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales, which are the same properties as the appellant's comparables #7 and #8, respectively, which were previously described. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration with two comparables common between both parties. The Board gives less weight to the appellant's comparables #1, #5, and #6 which sold less proximate to the assessment date of January 1, 2025 than other properties in the record card.

The Board finds the best evidence of market value to be the appellant's comparables #2, #3, #4, #7 and #8 and the board of review's comparables, which include the two common comparables, which are more similar to the subject in location, age, dwelling size and sold proximate to the assessment date of January 1, 2025. These comparables sold from January 2024 to April 2025 for prices ranging from \$615,000 to \$761,225 or from \$216.79 to \$244.65 per square foot of living area, including land. The subject's assessment reflects a market value of \$700,276 or \$249.56 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record on an overall improvement assessment basis and above on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
