

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Linda Crawford
DOCKET NO.: 25-00935.001-R-1
PARCEL NO.: 12-33-305-003

The parties of record before the Property Tax Appeal Board are Linda Crawford, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$299,001
IMPR.: \$391,115
TOTAL: \$690,116

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 5,018 square feet of living area. The dwelling was built in 1985 and is 40 years old. Features of the home include a basement, central air conditioning, and a 962 square foot garage. The property has a 42,116 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and from .2 of a mile to 1.7 miles from the subject. The comparables consist of 2-story dwellings of frame exterior construction ranging in size from 4,810 to 5,300 square feet of living area. The homes range in age from 32 to 63 years old. Each dwelling has a basement, central air conditioning, an inground swimming pool, and a garage ranging in size from 598 to 888 square feet of building area. Two

comparables each have an additional garage. The comparables have improvement assessments ranging from \$232,510 to \$322,704 or from \$46.68 to \$65.19 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$291,116 or \$58.01 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$690,116. The subject property has an improvement assessment of \$391,115 or \$77.94 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of frame exterior construction ranging from 4,399 to 5,126 square feet of living area. The homes were built from 1925 to 1976. Each dwelling has central air conditioning and a garage ranging in size from 529 to 805 square feet of building area. Four comparables each have a basement and two comparables each have inground swimming pools. The comparables have improvement assessments ranging from \$281,654 to \$447,116 or from \$64.03 to \$87.23 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparable #3 and the board of review's comparable #2, which differ from the subject in age. The Board also gives less weight to the board of review's comparables #3 through #5, each of which lacks an inground swimming pool, a feature of the subject. The Board finds the parties' remaining comparables are more similar to the subject in age, dwelling size, and features. These comparables have improvement assessments ranging from \$273,470 to \$447,116 or from \$56.20 to \$87.23 per square foot of living area. The subject's improvement assessment of \$391,115 or \$77.94 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
