

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Osasumwen Osayimwen
DOCKET NO.: 25-00939.001-R-1
PARCEL NO.: 11-11-208-005

The parties of record before the Property Tax Appeal Board are Osasumwen Osayimwen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$82,486
IMPR.: \$192,708
TOTAL: \$275,194

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,055 square feet of living area. The dwelling was constructed in 1999 and is 26 years old. Features of the home include a basement, central air conditioning, a fireplace, five full and one half bathrooms, and a 641 square foot garage. The property has a 26,538 square foot site and is located in Green Oaks, Libertyville Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and within .54 of a mile of the subject. The comparables consist of two-story dwellings of frame or brick and frame exterior construction ranging in size from 2,992 to 3,383 square feet of living area. The homes are 28 or 29 years old. Each dwelling has a basement, central air conditioning, a fireplace, three or four

full and one half bathrooms, and a garage ranging in size from 504 to 694 square feet of building area. The comparables have improvement assessments ranging from \$175,285 to \$197,077 or from \$56.52 to \$59.14 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$177,571 or \$58.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$275,194. The subject property has an improvement assessment of \$192,708 or \$63.08 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .53 of a mile of the subject. The comparables consist of two-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 2,954 to 3,066 square feet of living area. The homes were built from 1998 to 2000. Each dwelling has a basement, central air conditioning, a fireplace, two or three full and one half bathrooms, and a garage ranging in size from 420 to 672 square feet of building area. The comparables have improvement assessments ranging from \$178,726 to \$185,863 or from \$60.50 to \$61.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments ranging from \$175,285 to \$185,863 or from \$56.52 to \$61.14 per square foot of living area. The subject's improvement assessment of \$192,708 or \$63.08 per square foot of living area is above the range established by the comparables in this record, however, the higher assessment appears justified given the subject's higher bathroom count in relation to the comparables. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
