

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Woo Jea Chin
DOCKET NO.: 25-00965.001-R-1
PARCEL NO.: 16-32-316-036

The parties of record before the Property Tax Appeal Board are Woo Jea Chin, the appellant, by attorney Arden Edelpcup of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,887
IMPR.: \$257,552
TOTAL: \$314,439

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,764 square feet of living area. The dwelling was constructed in 1992 and is approximately 33 years old. Features of the property include a basement with finished area, central air conditioning, 3½ bathrooms, a fireplace and a garage with 691 square feet of building area. The property has a 10,057 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .46 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,227 to 4,091 square feet of living area. The dwellings were built from

1989 to 1995. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, 3½ bathrooms, one or two fireplaces and a garage ranging in size from 440 to 768 square feet of building area. The comparables have improvement assessments that range from \$201,581 to \$241,129 or from \$51.06 to \$62.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$233,368 or \$62.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$314,439. The subject has an improvement assessment of \$257,552 or \$68.43 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .45 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,718 to 4,003 square feet of living area. The dwellings are from 26 to 34 years old. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, either 3½ or 5 bathrooms, one fireplace and a garage ranging in size from 440 to 713 square feet of building area. The comparables have improvement assessments that range from \$259,023 to \$282,847 or from \$68.87 to \$74.41 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #3 and #4 due to their smaller dwelling sizes, when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2, along with the four comparables submitted by the board of review, which are similar to the subject in location, dwelling size, design, age and some features. These six comparables have improvement assessments that range from \$208,875 to \$282,847 or from \$51.06 to \$74.41 per square foot of living area. The subject's improvement assessment of \$257,552 or \$68.43 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
