

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Regina Golston
DOCKET NO.: 25-00996.001-R-1
PARCEL NO.: 06-32-301-045

The parties of record before the Property Tax Appeal Board are Regina Golston, the appellant, by attorney Arden Edelcup of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,845
IMPR.: \$120,567
TOTAL: \$138,412

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 3,433 square feet of living area. The dwelling was constructed in 2006 and is approximately 19 years old. Features of the property include a basement, central air conditioning, a fireplace and a garage with 609 square feet of building area. The property has an approximately 10,406 square foot site and is located in Round Lake, Avon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .76 of a mile from the subject property. The comparables are improved with two-story dwellings of vinyl siding exterior construction, each containing 3,433 square feet of living area. The dwellings were built in 2004 or 2005. The comparables each

have a basement, central air conditioning, a fireplace and a garage with 609 square feet of building area. The comparables have improvement assessments that range from \$117,560 to \$118,464 or from \$34.24 to \$34.51 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$117,614 or \$34.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,378. The subject has an improvement assessment of \$121,533 or \$35.40 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .16 of a mile from the subject property. The comparables are improved with two-story dwellings of vinyl siding exterior construction, each containing 3,433 square feet of living area. Each dwelling is approximately 19 years old and has a basement, central air conditioning, a fireplace and a garage with 609 square feet of building area. The comparables have improvement assessments that range from \$120,339 to \$121,032 or from \$35.05 to \$35.26 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board finds all the comparables have the same assessment neighborhood code as the subject, are identical to the subject in dwelling size, design and features and similar, if not identical, in age. The comparables have improvement assessments that range from \$117,560 to \$121,032 or from \$34.24 to \$35.26 per square foot of living area. The subject property's improvement assessment of \$121,533 or \$35.40 per square foot of living area falls above the range established by the comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the subject's improvement assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
