

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward J. & Susan M. Voorhees
DOCKET NO.: 25-01006.001-R-1
PARCEL NO.: 11-08-102-009

The parties of record before the Property Tax Appeal Board are Edward J. & Susan M. Voorhees, the appellants, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$68,102
IMPR.: \$189,644
TOTAL: \$257,746

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,157 square feet of living area. The dwelling was constructed in 1995 and is approximately 30 years old. Features of the home include a basement, 3½ bathrooms¹, central air conditioning, two fireplaces and a 690 square foot garage. The property has an approximately 15,047 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on three comparable sales located within .18 of a mile of the subject property. The comparables have sites that range in size from 15,058 to 17,909 square feet of land area and are improved with 2-story dwellings of frame or frame and brick exterior

¹ The Board finds the best description of the subject's bathroom count in the property record card submitted by the board of review, not refuted by the appellant.

construction ranging in size from 2,702 to 3,820 square feet of living area. The dwellings were built in 1994 or 1996. Each comparable has a basement, 2½, 3½ or 5 bathrooms, central air conditioning, a fireplace and a garage ranging in size from 513 to 528 square feet of building area. The properties sold from July to November 2023 for prices ranging from \$595,000 to \$702,500 or from \$183.90 to \$229.46 per square foot of living area, land included. Based on this evidence, the appellants requested the subject's total assessment be reduced to \$220,757 which reflects a market value of \$662,337 or \$209.80 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$257,746. The subject's assessment reflects a market value of \$773,315 or \$244.95 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .13 of a mile of the subject property. The comparables have sites that range in size from 10,901 to 17,879 square feet of land area and are improved with 2-story dwellings of frame and brick exterior construction ranging in size from 2,702 to 3,154 square feet of living area. The homes were built in 1995 or 1996. Each comparable has a basement, 2½ or 3½ bathrooms, central air conditioning, one, two or three fireplaces and a garage ranging in size from 513 to 781 square feet of building area. The properties sold from September 2022 to October 2024 for prices ranging from \$773,000 to \$885,000 or from \$272.57 to \$302.74 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellants stated the assessors comparable #1 has superior updates and is smaller in size, assessor's comparables #2 and #3 are older 2022 sales and assessor's comparable #4 is "loaded with extras" and is smaller in size.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gives less weight to the appellants' comparable #2 and the board of review's comparables #2 and #3 which are less similar to the subject in dwelling size, bathroom count and/or sold less proximate to the assessment date of January 1, 2025 than other properties in the record.

The Board finds the best evidence of market value to be the appellants' comparables #1 and #3 and the board of review's comparables #1 and #4 which are more similar to the subject in location, age, dwelling size, and other features. These comparables sold from June 2023 to October 2024 for prices ranging from \$595,000 to \$818,000 or from \$209.80 to \$302.74 per

square foot of living area, including land. The subject's assessment reflects a market value of \$773,315 or \$244.95 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
