

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lecheta De Souza
DOCKET NO.: 25-01007.001-R-1
PARCEL NO.: 11-29-402-034

The parties of record before the Property Tax Appeal Board are Lecheta De Souza, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$81,821
IMPR.: \$289,851
TOTAL: \$371,672

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 4,797 square feet of living area. The dwelling was constructed in 2001 and is approximately 24 years old. Features of the home include a basement, central air conditioning, four fireplaces and an 867 square foot garage. The property has an approximately 15,011 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .14 of a mile of the subject property. The comparables have sites that range in size from 14,881 to 17,050 square feet of land area and are improved with 2-story dwellings of brick or brick and frame exterior construction ranging in size from 3,738 to 5,134 square feet of living area. The dwellings were

built from 2000 to 2004. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 665 to 861 square feet of building area. The properties sold from March to June 2023 for prices ranging from \$821,000 to \$1,135,000 or from \$194.41 to \$221.08 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$351,169 which reflects a market value of \$1,053,612 or \$219.64 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$371,672. The subject's assessment reflects a market value of \$1,115,127 or \$232.46 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .15 of a mile of the subject property. The comparables have sites that range in size from 15,064 to 27,845 square feet of land area and are improved with 2-story dwellings of brick or brick and frame exterior construction ranging in size from 3,452 to 4,487 square feet of living area. The homes were built from 2002 to 2005. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 700 to 1,152 square feet of building area. The properties sold from May 2024 to July 2025 for prices ranging from \$910,000 to \$1,300,000 or from \$263.62 to \$297.96 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #3 which are less similar to the subject in dwelling size and/or sold less proximate to the assessment date of January 1, 2025 than other properties in the record.

The Board finds the best evidence of market value to be the board of review's comparables # 1 and #2 which are more similar to the subject in dwelling size and sold proximate to the assessment date of January 1, 2025. These comparables sold in March and July 2025 for prices of \$1,210,000 and \$1,300,000 or \$269.67 and \$297.96 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,115,127 or \$232.46 per square foot of living area, including land, which falls below the two best comparable sales in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
