

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Musheer Riaz
DOCKET NO.: 25-01011.001-R-1
PARCEL NO.: 10-25-312-011

The parties of record before the Property Tax Appeal Board are Musheer Riaz, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,210
IMPR.: \$120,952
TOTAL: \$148,162

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,204 square feet of living area. The dwelling was constructed in 1992 and is approximately 33 years old. Features of the home include a basement, central air conditioning, a fireplace and a 420 square foot garage. The property has an approximately 13,370 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 1.07 miles of the subject property. The comparables have sites that range in size from 7,420 to 11,760 square feet of land area and are improved with 2-story dwellings of vinyl siding exterior construction ranging in size from 2,362 to 2,690 square feet of living area. The dwellings were built from 1988 to 1992. Each comparable has a basement, central air conditioning, a fireplace and a garage with 400 or

441 square feet of building area. The properties sold from January 2024 to April 2025 for prices ranging from \$375,000 to \$490,000 or from \$139.41 to \$185.73 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$121,928 which reflects a market value of \$365,821 or \$165.98 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$148,162. The subject's assessment reflects a market value of \$444,530 or \$201.69 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .89 of a mile of the subject property. The comparables have sites that range in size from 10,286 to 13,610 square feet of land area and are improved with 2-story dwellings of vinyl siding exterior construction ranging in size from 2,008 to 2,292 square feet of living area. The homes range in age from 34 to 37 years old. Each comparable has a basement, central air conditioning, a fireplace and a garage with 420 square feet of building area. The properties sold from May to October 2024 for prices ranging from \$440,000 to \$489,000 or from \$213.35 to \$219.12 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant stated that the assessor's comparables are all upgraded and two comparables have finished basements.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #4 and #5 which are less similar to the subject in dwelling size.

The Board finds the best evidence of market value to be the appellant's #1 and #3 and the board of review's comparables which are more similar to the subject in age, dwelling size and most features. These comparables sold from May to October 2024 for prices ranging from \$392,000 to \$489,000 or from \$165.96 to \$219.12 per square foot of living area, including land. The subject's assessment reflects a market value of \$444,530 or \$201.69 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
