FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Cynthia Mittlestaedt
DOCKET NO.: 25-01033.001-R-1
PARCEL NO.: 06-22-300-025

The parties of record before the Property Tax Appeal Board are Cynthia Mittlestaedt, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$37,671
IMPR.:	$135,655
TOTAL:	$173,326

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl exterior construction with 1,938 square feet of living area. The dwelling was constructed in 1943 and is approximately 82 years old. Features of the home include a basement, central air conditioning, a fireplace and a 864 square foot garage. The property has an approximately 17,000 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same assessment neighborhood code and within .49 of a mile of the subject. The comparables are improved with 2-story dwellings of vinyl exterior construction ranging in size from 1,747 to 2,528 square feet of living area. The homes were built from 1960 to 1985. Each comparable has a basement, with two having finished area. Each

comparable has central air conditioning and a garage ranging in size from 494 to 749 square feet of building area. Two comparables each have two fireplaces. The comparables have improvement assessments ranging from $111,089 to $149,619 or $56.12 and $63.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $112,280 or $57.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $173,326. The subject has an improvement assessment of $135,655 or $70.00 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code and within .32 of a mile of the subject property. The comparables are improved with 1-story dwellings of brick exterior construction ranging in size from 1,908 to 2,020 square feet of living area. The homes range in age from 26 to 67 years old. Each comparable has a basement, with two having finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 588 to 961 square feet of building area. The comparables have improvement assessments ranging from $109,620 to $157,502 or from $56.86 to $82.55 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review comparables which are less similar to the subject in design and/or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 which are more similar to the subject in location, age, design, dwelling size and other features. However, each of these properties has a basement with finished area when compared to the subject's unfinished basement area, suggesting a downward adjustment is needed to make these properties more equivalent to the subject. These comparables have improvement assessments of $110,089 and $149,619 or $63.59 per square foot of living area. The subject's improvement assessment of $135,655 or $70.00 per square foot of living area falls within the two best comparables in this record on an overall improvement assessment basis and above on a per square foot basis. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which, appears to exist on the basis of the evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
