FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jose Quinonez
DOCKET NO.: 25-01035.001-R-1
PARCEL NO.: 04-28-409-011

The parties of record before the Property Tax Appeal Board are Jose Quinonez, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$10,722
IMPR.:	$50,120
TOTAL:	$60,842

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood exterior construction with 1,585 square feet of living area. The dwelling was constructed in 1962 and is approximately 63 years old. Features of the home include a 528 square foot garage. The property has an approximately 15,760 square foot site and is located in Beach Park, Benton Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code and within .12 of a mile of the subject. The comparables are improved with 1-story or 2-story dwellings of wood exterior construction ranging in size from 1,347 to 1,900 square feet of living area. The homes were reportedly built from 1596 to 1949. Each comparable has a garage ranging in size from 528 to 748 square feet of building area. One comparable has a basement. The comparables have

improvement assessments ranging from $43,815 to $51,208 or from $26.95 to $32.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $50,120 or $31.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $65,016. The subject has an improvement assessment of $54,294 or $34.25 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code and within .99 of a mile of the subject property. The comparables are improved with 1½-story or 2-story dwellings of wood siding exterior construction ranging in size from 856 to 1,536 square feet of living area. The homes range in age from 65 to 83 years old. Each comparable has a garage ranging in size from 484 to 976 square feet of building area. One comparable has a basement and two comparables have central air conditioning. The comparables have improvement assessments ranging from $36,097 to $50,957 or from $33.18 to $42.17 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 and the board of review's comparables which are less similar to the subject in age, dwelling size, basement area and/or central air conditioning, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments of $43,815 and $49,007 or $27.05 and $32.53 per square foot of living area. The subject's improvement assessment of $54,294 or $34.25 per square foot of living area falls above the two best comparables in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
