

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jorge Singman
DOCKET NO.: 25-01036.001-R-1
PARCEL NO.: 16-14-312-022

The parties of record before the Property Tax Appeal Board are Jorge Singman, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$106,632
IMPR.: \$157,460
TOTAL: \$264,092

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,284 square feet of living area. The dwelling was constructed in 1930 and is approximately 95 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 440 square foot garage. The property has an approximately 34,970 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same assessment neighborhood code and within .28 of a mile of the subject. The comparables are improved with 2-story dwellings of wood, brick or stone exterior construction ranging in size from 2,208 to 2,448 square feet of living area. The homes were built from 1951 to 1978. Each comparable has a basement with finished area, central air

conditioning, one or two fireplaces and a garage ranging in size from 308 to 616 square feet of building area. The comparables have improvement assessments ranging from \$120,826 to \$157,170 or from \$54.72 to \$64.20 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$157,460 or \$68.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$282,825. The subject has an improvement assessment of \$176,193 or \$77.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code and within .28 of a mile of the subject property. The comparables are improved with 2-story or 2½-story dwellings of brick or wood siding exterior construction ranging in size from 1,584 to 2,650 square feet of living area. The homes range in age from 71 to 105 years old. Each comparable has a basement with finished area, central air conditioning, and a fireplace. Two comparables have a garage with 484 or 756 square feet of building area. The comparables have improvement assessments ranging from \$114,645 to \$213,059 or from \$71.14 to \$80.40 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 and the board of review comparables #1 and #3 which are less similar to the subject in dwelling size, age and/or garage amenity/capacity.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review's comparable #2 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments of \$139,438 and \$151,781 or \$62.85 and \$71.14 per square foot of living area. The subject's improvement assessment of \$176,193 or \$77.14 per square foot of living area falls above the two best comparables in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
