FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Alana Kumke
DOCKET NO.: 25-01095.001-R-1
PARCEL NO.: 10-26-403-015

The parties of record before the Property Tax Appeal Board are Alana Kumke, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$24,099
IMPR.:	$71,671
TOTAL:	$95,770

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 1,356 square feet of living area.[1] The dwelling was built in 1992 and is approximately 33 years old. Features of the property include a slab foundation, central air conditioning, 1½ bathrooms, a garage with 260 square feet of building area and a frame utility shed. The property has an approximately 8,637 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparable sales that have the same assessment

[1] The Board finds the best description of the subject is found in the subject's property record card submitted by the board of review depicting the subject dwelling with a vinyl siding exterior and the property having a frame utility shed, which were not refuted by the appellant.

neighborhood code as the subject, seven of which are located from approximately .12 of a mile to 1.10 miles from the subject property. The comparables have sites that range in size from approximately 4,386 to 11,247 square feet of land area. The comparables are improved with two-story dwellings of wood frame exterior construction ranging in size from 1,356 to 1,606 square feet of living area. The dwellings are from 30 to 38 year old. Each comparable has central air conditioning, 1½ or 2½ bathrooms and a garage ranging in size from 260 to 268 square feet of building area. Six comparables each have a fireplace. The comparables sold from January 2023 to October 2025 for prices ranging from $253,000 to $340,000 or from $160.02 to $211.97 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to $86,323, which would reflect a market value of $258,995 or $191.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $95,770. The subject's assessment reflects a market value of $287,339 or $211.90 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located from approximately .17 to .28 of a mile from the subject property. The comparables have sites that range in size from 4,305 to 4,695 square feet of land area. The comparables are improved with two-story dwellings of vinyl siding exterior construction each containing 1,468 square feet of living area. The dwellings are 36 or 37 years old. Each comparable has central air conditioning, 1½ bathrooms and a garage with 268 square feet of building area. Comparable #1 has a fireplace. The comparables sold from November 2024 to May 2025 for prices ranging from $299,900 to $350,000 or from $204.29 to $238.42 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of twelve comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables due to their larger dwelling sizes, when compared to the subject and/or they have sale dates that occurred in 2023, less proximate to the lien date at issue than other sales in the record. Additionally, the appellant's comparable #3 is located more than one mile from the subject property.

The Board finds the best evidence of market value to be three comparables that were submitted by the board of review, which sold proximate to the January 1, 2025 assessment date. These three comparables are identical to the subject in dwelling size and design, and overall, more

similar to the subject in location, age and features. The comparables sold from November 2024 to May 2025 for prices ranging from $299,900 to $350,000 or from $204.29 to $238.42 per square foot of living area, including land. The subject's assessment reflects a market value of $287,339 or $211.90 per square foot of living area, including land, which falls below the range established by the best comparable sales in the record in terms of overall market value but within the range on a price per square foot of living area basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
