FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: James Murphree
DOCKET NO.: 25-01139.001-R-1
PARCEL NO.: 16-08-216-011

The parties of record before the Property Tax Appeal Board are James Murphree, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$89,810
IMPR.:	$208,022
TOTAL:	$297,832

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood frame exterior construction with 3,332 square feet of living area. The dwelling was constructed in 1997 and is approximately 28 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 552 square foot garage. The property has an approximately 14,100 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales, with three located within .32 of a mile of the subject property. The comparables have sites that range in size from 13,399 to 19,001 square feet of land area and are improved with 2-story dwellings of wood frame exterior construction ranging in size from 3,185 to 3,576 square feet of living area. The dwellings range in age from 40 to 50 years old. Each comparable has a basement, central air conditioning, a

fireplace and a garage ranging in size from 462 to 798 square feet of building area. The properties sold from February 2023 to May 2025 for prices ranging from $735,000 to $915,000 or from $205.54 to $273.13 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $245,433 which reflects a market value of $736,373 or $221.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $297,832. The subject's assessment reflects a market value of $893,585 or $268.18 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales, with comparable #3 being the same as the appellant's comparable #4. The comparables are located within .34 of a mile of the subject property. The comparables have sites that range in size from 13,400 to 15,030 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,064 to 3,567 square feet of living area. The homes were 35 or 40 years old. Each comparable has a basement, with one having finished area. Each comparable has central air conditioning, one or three fireplaces and a garage ranging in size from 462 to 613 square feet of building area. The properties sold from April 2023 to April 2025 for prices ranging from $889,000 to $1,070,000 or from $273.13 to $299.97 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparable sales for the Board's consideration with one common comparable between both parties. The Board gives less weight to appellant's comparable #1 and the board of review's comparable #2 which sold less proximate to the January 1, 2025 assessment date than other properties in the record.

The Board finds the best evidence of market value to be the appellant's comparables #2, #3 and #4 and the board of review's comparables #1 and #3, which includes the common comparable, which are more similar to the subject in age, dwelling size and sold proximate to the January 1, 2025 assessment date. These comparables sold from January 2024 to May 2025 for prices ranging from $735,000 to $1,070,000 or from $205.54 to $299.97 per square foot of living area, including land. The subject's assessment reflects a market value of $893,585 or $268.18 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best

comparables for differences from the subject, the Board finds the subject’s assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
