|---|---|
| **LAND:** | $59,720 |
| **IMPR.:** | $163,739 |
| **TOTAL:** | $223,459 |

Subject only to the State multiplier as applicable.

## Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

## Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,370 square feet of living area. The dwelling was constructed in 1976 and is 49 years old.[1] Features of the home include a full basement, central air conditioning, a fireplace, and a 496 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within the subject's assessment neighborhood and within .33 of a mile of the subject. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 2,089 to 2,432 square feet of living

[1] The property record card submitted by the board of review, which was not refuted by the appellant, disclosed the subject was remodeled in 2021, resulting in an effective year of 1991.

area. The homes are 58 to 61 years old. Each dwelling has a basement, central air conditioning, a fireplace, and a garage containing 420 or 440 square feet of building area. Three parcels range in size from 10,001 to 20,756 square feet of land area. The comparables sold from February 2023 to October 2025 for prices ranging from $555,000 to $845,000 or from $239.53 to $404.50 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of $191,161, for an estimated market value of $573,540 or $242.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $223,459. The subject's assessment reflects a market value of $670,444 or $282.89 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales located within the subject's assessment neighborhood and within .33 of a mile of the subject. Comparable #2 is the same property as the appellant's comparable #3. The comparables consist of two-story dwellings of brick or vinyl siding exterior construction containing 2,189 or 2,432 square feet of living area. The dwellings are 58 and 60 years old. Each dwelling has a full basement, central air conditioning, a fireplace, and a garage containing 440 square feet of building area. The parcels contain 10,640 or 20,757 square feet of land area. The comparables sold in December 2023 and February 2024 for prices of $692,167 and $776,150 or $284.61 and $354.57 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

## Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #4 and #5, which sold less proximate to the assessment date at issue. The Board finds the parties' remaining comparables sold proximate to the assessment date and are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold from December 2023 to October 2025 for prices ranging from $555,000 to $776,150 or from $239.53 to $404.50 per square foot of living area, including land. The subject's assessment reflects a market value of $670,444 or $282.89 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
