

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jordan Powers
DOCKET NO.: 25-01173.001-R-1
PARCEL NO.: 16-29-411-008

The parties of record before the Property Tax Appeal Board are Jordan Powers, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,857
IMPR.: \$124,893
TOTAL: \$177,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,227 square feet of living area. The dwelling was constructed in 1950 and is 75 years old.¹ Features of the home include a full basement with finished area, central air conditioning, two fireplaces, and a 535 square foot garage. The property has a 10,001 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on nine comparable sales located within the subject's assessment neighborhood and within .43 of a mile of the subject. The comparables consist of one-story dwellings of frame exterior construction ranging in size from 1,092 to 1,386 square

¹ The property record card submitted by the board of review, which was not refuted by the appellant, disclosed the subject was remodeled in 2019, resulting in an effective age of 1985.

feet of living area. The homes are 62 to 101 years old. Each dwelling has a basement. Seven comparables have central air conditioning, six comparables each have a fireplace, and eight comparables each have a garage ranging in size from 220 to 484 square feet of building area. The parcels range in size from 6,477 to 8,999 square feet of land area. The comparables sold from February 2023 to January 2025 for prices ranging from \$285,000 to \$475,000 or from \$243.59 to \$389.19 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$146,816, for an estimated market value of \$440,492 or \$359.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,750. The subject's assessment reflects a market value of \$533,303 or \$434.64 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales located within the subject's assessment neighborhood and within .19 of a mile of the subject. The comparables consist of one-story dwellings of brick or wood siding exterior construction containing 795 or 1,028 square feet of living area. The dwellings are 74 and 75 years old. Each dwelling has a full basement with finished area, central air conditioning, and a garage containing 270 or 366 square feet of building area. One comparable has a fireplace. The parcels contain 7,050 or 9,135 square feet of land area. The comparables sold in August and July 2024 for prices of \$350,000 and \$455,000 or \$440.25 and \$442.61 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1, #3, #4, #5, #7, and #8, which differ from the subject in age, lack central air conditioning or a garage, and/or sold less proximate to the assessment date at issue. The Board also gives less weight to the board of review's comparable #2, which differs from the subject in dwelling size. The Board finds the parties' remaining comparables sold proximate to the assessment date and are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold from May 2024 to January 2025 for prices ranging from \$360,000 to \$475,000 or from \$269.26 to \$442.61 per square foot of living area, including land. The subject's assessment reflects a market value of \$533,303 or \$434.64 per square foot of living area, including land, which is above the range established by the best comparable sales in this record overall, but within the range on a per-square-foot basis. The Board finds the subject's higher

assessment logical given the subject's basement finish and newer effective age in relation to the best comparables. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
