FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Amanda Deangeles
DOCKET NO.: 25-01216.001-R-1
PARCEL NO.: 16-32-402-010

The parties of record before the Property Tax Appeal Board are Amanda Deangeles, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$55,664
IMPR.:	$147,493
TOTAL:	$203,157

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 1,924 square feet of living area.[1] The dwelling was constructed in 1959 and is approximately 66 years old. The dwelling has an effective year built of 1985. Features of the property include a basement with finished area, central air conditioning, 2½ bathrooms and a 492 square foot garage. The property has an approximately 9,840 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable properties that have the same assessment

[1] The subject's property record card disclosed the subject dwelling has a brick and frame exterior with 782 square feet of basement finish, which was not reported by nor refuted by the appellant. The property record card also disclosed the dwelling was remodeled in 2010 and has an effective year built of 1985.

neighborhood code as the subject, six of which are located within .45 of a mile from the subject property. The comparables have sites ranging in size from approximately 8,999 to 10,119 square feet of land area. The comparables are improved with two-story dwellings of wood frame exterior construction ranging in size from 1,570 to 2,222 square feet of living area. The dwellings are from 65 to 67 years old. The comparables each have a basement, central air conditioning, 2 or 2½ bathrooms and a garage ranging in size from 240 to 572 square feet of building area. Four comparables each have a fireplace. The comparables sold from April 2023 to August 2024 for prices ranging from $280,000 to $610,250 or from $178.34 to $288.13 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to $172,501, which would reflect a market value of $517,555 or $269.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $203,157. The subject's assessment reflects a market value of $609,532 or $316.80 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that have the same assessment neighborhood code as the subject and are located within approximately .34 of a mile from the subject property, one of which is located along the same street as the subject property. The comparables have sites that range in size from 9,000 to 9,600 square feet of land area. The comparables are improved with two-story dwellings of brick or aluminum siding exterior construction ranging in size from 1,626 to 1,812 square feet of living area. The dwellings are 65 or 66 years old. Each comparable has basement with finished area, central air conditioning, 2½ bathrooms and a garage that reportedly range in size from 300 to 4,441 square feet of building area. The comparables sold from July 2023 to December 2024 for prices ranging from $549,000 to $610,000 or from $315.95 to $375.15 per square foot of living area, including land.

The board of review also reported the subject sold in March 2022 for a price of $555,000 or $288.46 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eleven comparable sales and a March 2022 sale of the subject for the Board's consideration. The Board has given less weight to the 2022 sale of the subject property which occurred 33 months prior to the lien date at issue and is thus less likely to be

reflective of the subject's market value as of the January 1, 2025 assessment date. The Board has given less weight to the appellant's comparables #1, #2, #3, #4, #5 and #7, as well as board of review comparables #1, #2 and #4, which have sale dates that occurred in 2023, less proximate to the lien date at issue than other sales in the record and/or they differ from the subject in dwelling size.

The Board finds the best evidence of market value to be the appellant's comparable #6 and board of review comparable #3, which sold more proximate to the lien date at issue and are similar to the subject in location, site size, dwelling size, design and some features. These two comparables sold in June and August 2024 for prices of $610,000 and $610,250 or for $288.13 and $354.65 per square foot of living area, including land. The subject's assessment reflects a market value of $609,532 or $316.80 per square foot of living area, including land, which is less than the two best comparables in the record in terms of overall value and is bracketed by the two best comparable sales on a price per square foot of living area basis, including land. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING:

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: November 17, 2026

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-215 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
