FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Matt Gaines
DOCKET NO.: 25-01224.001-R-1
PARCEL NO.: 16-23-413-007

The parties of record before the Property Tax Appeal Board are Matt Gaines, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$168,087
IMPR.:	$276,811
TOTAL:	$444,898

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2½-story dwelling of brick exterior construction with 4,945 square feet of living area. The dwelling was constructed in 1895 and is approximately 130 years old. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 500 square foot garage. The property has an approximately 25,190 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code and within .94 of a mile of the subject. The comparables are improved with 2-story, 2½-story or 3-story dwellings of wood siding exterior construction ranging in size from 4,512 to 5,358 square feet of living area. The homes range in age from 100 to 150 years old. Each comparable has a basement with

finished area, central air conditioning, and two or five fireplaces. Three comparables each have a garage ranging in size from 440 to 836 square feet of building area. One comparable has an in-ground swimming pool. The comparables have improvement assessments ranging from $234,091 to $264,659 or from $49.36 to $51.88 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $251,255 or $50.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $444,898. The subject has an improvement assessment of $276,811 or $55.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within .70 of a mile of the subject property. The comparables are improved with 2½-story or 3-story dwellings of stucco, brick or wood siding exterior construction ranging in size from 4,855 to 5,116 square feet of living area. The homes range in age from 102 to 124 years old. Each comparable has a basement, with two having finished area. Each comparable has central air conditioning and one, two or three fireplaces. Three comparables each have a garage ranging in size from 480 to 990 square feet of building area. The comparables have improvement assessments ranging from $279,935 to $328,114 or from $56.48 to $66.92 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 and the board of review's comparables #1 and #4 which are less similar to the subject in design, pool amenity and/or lack of garage, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review's comparables #2 and #3 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from $234,091 to $296,314 or from $51.88 to $59.55 per square foot of living area. The subject's improvement assessment of $276,811 or $55.98 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which, appears to exist on the basis of the evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
