FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Joseph Mabbett
DOCKET NO.: 25-01234.001-R-1
PARCEL NO.: 04-08-103-013

The parties of record before the Property Tax Appeal Board are Joseph Mabbett, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$16,219
IMPR.:	$110,671
TOTAL:	$126,890

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,589 square feet of living area. The dwelling was constructed in 1984 and is approximately 41 years old. Features of the home include a basement, central air conditioning, and a 1,768 square foot garage. The property has an approximately 48,787 square foot site and is located in Winthrop Harbor, Benton Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables located in the same assessment neighborhood code and within .40 of a mile of the subject. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 2,206 to 2,796 square feet of living area. The homes range in age from 31 to 49 years old. Each comparable has a basement, central air conditioning, and a

garage ranging in size from 500 to 1,312 square feet of building area. Seven comparables each have a fireplace. The comparables have improvement assessments ranging from $90,692 to $118,908 or from $37.57 to $44.56 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $101,838 or $39.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $126,890. The subject has an improvement assessment of $110,671 or $42.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are the same as the appellant's comparables #8, #5 and #2, respectively, which were previously described. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration with three common comparables between both parties. The Board gives less weight to the appellant's comparables #1 through #4, #6, #7 and #9, which includes one common comparable, which are less similar to the subject's in garage capacity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #5 and #8, which includes two common comparables, which are more similar to the subject in location, age, design, dwelling size and garage capacity. These comparables have improvement assessments of $104,549 and $115,868 or $43.49 and $44.56 per square foot of living area. The subject's improvement assessment of $110,671 or $42.75 per square foot of living area falls within the two best comparables in this record on an overall improvement assessment basis and below the two best comparables on a per square foot basis. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which, appears to exist on the basis of the

evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
