FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Daniel Murayama
DOCKET NO.: 25-01237.001-R-1
PARCEL NO.: 04-28-211-017

The parties of record before the Property Tax Appeal Board are Daniel Murayama, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$9,037
IMPR.:	$68,501
TOTAL:	$77,538

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood frame exterior construction with 2,007 square feet of living area. The dwelling was constructed in 1906 and is approximately 119 years old. Features of the home include a basement, central air conditioning, a fireplace and a 960 square foot garage. The property has an approximately 7,601 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables located in the same assessment neighborhood code and on the same street or within .74 of a mile of the subject. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 1,720 to 2,288 square feet of living area. The homes range in age from 110 to 126 years old. Each comparable has a basement and a

garage ranging in size from 360 to 1,008 square feet of building area. One comparable has central air conditioning. The comparables have improvement assessments ranging from $28,356 to $74,626 or from $12.66 to $33.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $65,167 or $32.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $77,538. The subject has an improvement assessment of $68,501 or $34.13 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code and within .25 of a mile of the subject property. The comparables are improved with 2-story dwellings of wood siding or brick exterior construction ranging in size from 2,071 to 2,296 square feet of living area. The homes are 112 or 119 years old. Each comparable has a basement, central air conditioning, and a garage ranging in size from 384 to 950 square feet of building area. One comparable has a fireplace. The comparables have improvement assessments ranging from $75,546 to $82,316 or from $35.85 to $36.58 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 through #9 which are less similar to the subject in lack of central air conditioning, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables which are more similar to the subject in location, age, design, dwelling size and other features. However, these properties present varying degrees of similarity to the subject in garage capacity suggesting adjustments are needed to make these comparables more equivalent to the subject. These comparables have improvement assessments that range from $59,349 to $82,316 or from $33.66 to $36.58 per square foot of living area. The subject's improvement assessment of $68,501 or $34.13 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
