FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Richard Ruiz
DOCKET NO.: 25-01240.001-R-1
PARCEL NO.: 08-32-407-034

The parties of record before the Property Tax Appeal Board are Richard Ruiz, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$7,777
IMPR.:	$54,843
TOTAL:	$62,620

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 900 square feet of living area. The dwelling was constructed in 1976 and is approximately 49 years old. Features of the home include a basement, central air conditioning, and a 484 square foot garage. The property has an approximately 5,940 square foot site and is located in North Chicago, Waukegan Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code and within .36 of a mile of the subject. The comparables are improved with 1-story dwellings of brick exterior construction ranging in size from 925 to 1,080 square feet of living area. The homes were built in 1960 or 1961. Each comparable has a basement, with one having finished area. Each

comparable has a garage ranging in size from 400 to 484 square feet of building area. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from $42,884 to $62,484 or from $46.36 to $57.86 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $48,600 or $54.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $62,620. The subject has an improvement assessment of $54,843 or $60.94 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code and within .42 of a mile of the subject property. The comparables are improved with 1-story dwellings of wood siding or aluminum siding exterior construction with 912 or 950 square feet of living area. The homes range in age from 39 to 70 years old. Each comparable has a basement, with two having finished area. Each comparable has a garage ranging in size from 288 to 484 square feet of building area. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from $52,980 to $58,948 or from $58.09 to $62.05 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 and the board of review's comparables which are less similar to the subject in basement finished area and/or lack of central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments of $53,008 and $58,554 or $53.65 to $56.52 per square foot of living area. The subject's improvement assessment of $54,843 or $60.94 per square foot of living area falls within the two best comparables in this record on an overall improvement assessment basis and above the two best comparables on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
