FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jenny Kim
DOCKET NO.: 25-01253.001-R-1
PARCEL NO.: 16-22-410-021

The parties of record before the Property Tax Appeal Board are Jenny Kim, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$54,760
IMPR.:	$118,742
TOTAL:	$173,502

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stone and wood siding exterior construction with 2,037 square feet of living area. The dwelling was constructed in 1948 and is 77 years old.[1] Features of the home include a full basement, central air conditioning, two fireplaces, and a 440 square foot garage. The property has a 7,629 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and within .32 of a mile of the subject. The comparables consist of 2-story dwellings of brick, wood siding, brick and wood

[1] The property record card submitted by the board of review, which was not refuted by the appellant, disclosed the subject was remodeled in 2004, resulting in an effective age of 1953.

siding, or aluminum siding exterior construction ranging in size from 2,031 to 2,176 square feet of living area. The homes were built from 1928 to 1940. Each dwelling has a basement and a garage ranging from 240 to 576 square feet of building area. Three comparables have central air conditioning and three comparables each have a fireplace. The comparables have improvement assessments ranging from $101,962 to $116,308 or from $46.90 to $53.75 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of $109,998 or $54.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $173,502. The subject property has an improvement assessment of $118,742 or $58.29 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .34 of a mile of the subject. The comparables consist of 1.5-story, 1.75-story, or 2-story dwellings of brick exterior construction ranging from 1,907 to 2,079 square feet of living area. The homes are 71 to 102 years old. Each dwelling has a full basement, one or two fireplaces, and a garage ranging from 286 to 484 square feet of building area. Three comparables have central air conditioning. The comparables have improvement assessments ranging from $112,994 to $129,341 or from $59.23 to $62.21 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #2 and #4, as well as the board of review's comparables #3 and #4, which differ from the subject in age and/or lack central air conditioning, a feature of the subject. The Board finds the parties' remaining comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from $108,506 to $129,341 or from $53.42 to $62.21 per square foot of living area. The subject's improvement assessment of $118,742 or $58.29 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
