FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Scott Janssen
DOCKET NO.: 25-01254.001-R-1
PARCEL NO.: 06-15-304-020

The parties of record before the Property Tax Appeal Board are Scott Janssen, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$16,320
IMPR.:	$90,392
TOTAL:	$106,712

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,728 square feet of living area. The dwelling is approximately 35 years old. Features of the home include a basement with finished area,[1] 3.5 bathrooms, and a 400 square foot garage. The property has a 7,780 square foot site and is located in Round Lake Beach, Avon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging in size from 1,500 to 1,900 square feet of

[1] The board of review submitted the subject's property record card, which indicates the subject has finished basement area, which was not refuted by the appellant.

living area that are 35 or 36 years old. Each home has a basement, 1.5 or 2.5 bathrooms, and a 400 square foot garage. The comparables have improvement assessments ranging from $76,250 to $98,842 or from $47.33 to $52.02 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to $86,132.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $106,712. The subject property has an improvement assessment of $90,392 or $52.31 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging in size from 1,640 to 1,728 square feet of living area that are 34 or 35 years old. Each home has a basement with finished area, 1.5 or 2.5 bathrooms, and a 400 square foot garage. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from $85,062 to $91,167 or from $51.87 to $54.27 per square foot of living area. The board of review requested confirmation of the assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of thirteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #1, which are less similar to the subject in dwelling size, basement finish, and/or bathroom count than the other comparables in this record. The Board gives less weight to the board of review's comparable #3, which has an inground swimming pool unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #4, which are more similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments of $85,062 and $90,079 or $51.87 and $52.13 per square foot of living area, respectively. The subject's improvement assessment of $90,392 or $52.31 per square foot of living area falls slightly above the best comparables in this record. However, after considering appropriate adjustments to the best comparables for differences from the subject, including the subject's additional bathroom compared to the best comparables, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
