FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Amit Kumar
DOCKET NO.: 25-01257.001-R-1
PARCEL NO.: 06-23-112-017

The parties of record before the Property Tax Appeal Board are Amit Kumar, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$21,049
IMPR.:	$90,587
TOTAL:	$111,636

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,660 square feet of living area. The dwelling is approximately 31 years old. Features of the home include a basement with finished area and a 400 square foot garage. The property has a 7,200 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging from 1,808 to 1,890 square feet of living area and from 31 to 35 years old. Each home has a basement and a garage ranging from 380 to 441 square feet of building area. The comparables have improvement assessments ranging from $92,958 to $96,406 or from $50.26 to $51.45 per square foot of living area. Based on this

evidence the appellant requested a reduction in the subject's improvement assessment to $84,917.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $111,636. The subject property has an improvement assessment of $90,587 or $54.57 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging from 1,592 to 1,880 square feet of living area and from 30 to 33 years old. Each home has a basement with finished area and a 380 or a 400 square foot garage. Comparable #4 has a hot tub. The comparables have improvement assessments ranging from $90,296 to $106,056 or from $56.34 to $56.74 per square foot of living area. The board of review requested the subject's assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of thirteen comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which lack finished basement area that is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are more similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from $90,296 to $106,056 or from $56.34 to $56.74 per square foot of living area. The subject's improvement assessment of $90,587 or $54.57 per square foot of living area falls within the range established by the best comparables in terms of total improvement assessment and below the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
