FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Mark Skylling
DOCKET NO.: 25-01265.001-R-1
PARCEL NO.: 06-27-105-019

The parties of record before the Property Tax Appeal Board are Mark Skylling, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$35,019
IMPR.:	$130,122
TOTAL:	$165,141

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,750 square feet of living area. The dwelling is approximately 33 years old. Features of the home include a basement with finished area[1] and a 440 square foot garage. The property has a 23,448 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging from 2,674 to 2,743 square feet of living area and are 33 or 34 years old. Each home has a basement and a 462 or a 630 square foot

[1] The Board finds the best evidence of basement finish is found in the property record card submitted by the board of review, which was not refuted by the appellant.

garage. The comparables have improvement assessments ranging from $116,993 to $120,880 or from $43.46 to $44.11 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $165,141. The subject property has an improvement assessment of $130,122 or $47.32 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging from 2,534 to 2,628 square feet of living area and are 31 or 32 years old. Each home has a basement with finished area and a garage ranging from 483 to 772 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments ranging from $125,556 to $137,948 or from $49.55 to $54.16 per square foot of living area. The board of review requested confirmation of the assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains twelve comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #1, which has an inground swimming pool unlike the subject, and to the appellant's comparables, which lack finished basement area that is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #3, which are similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments of $125,556 and $131,511 or $49.55 and $50.04 per square foot of living area. The subject's improvement assessment of $130,122 or $47.32 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
