FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Tim Zielke
DOCKET NO.: 25-01267.001-R-1
PARCEL NO.: 06-27-212-014

The parties of record before the Property Tax Appeal Board are Tim Zielke, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$30,756
IMPR.:	$107,902
TOTAL:	$138,658

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,130 square feet of living area. The dwelling is approximately 28 years old. Features of the home include a basement with finished area[1] and a 402 square foot garage. The property has a 16,300 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes with 2,042 or 2,134 square feet of living area and are 33 or 34 years old. Each home has a basement and a 441 or a 462 square foot garage. The

[1] The Board finds the best evidence of basement finish is the property record card submitted by the board of review, which was not refuted by the appellant.

comparables have improvement assessments ranging from $97,900 to $104,609 or from $46.18 to $49.02 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $138,658. The subject property has an improvement assessment of $107,902 or $50.66 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story or 2-story homes ranging from 1,857 to 2,078 square feet of living area and are 31 or 33 years old. Each home has a basement, three with finished area, an a garage ranging from 441 to 780 square feet of building area. The comparables have improvement assessments ranging from $103,566 to $107,998 or from $51.83 to $56.56 per square foot of living area. The board of review requested the subject's assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains thirteen comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #1, which lack finished basement area that is a feature of the subject, and to the board of review's comparable #3, due to substantial differences from the subject in design and dwelling size.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #4, which are more similar to the subject in design, dwelling size, age, location, and most features, although one comparable has a much larger garage than the subject, suggesting a downward adjustment to this comparable would be needed to make it more equivalent to the subject. These comparables have improvement assessments of $104,116 and $107,998 or $52.11 and $51.97 per square foot of living area, respectively. The subject's improvement assessment of $107,902 or $50.66 per square foot of living area is bracketed by the two best comparables in terms of total improvement assessment and below these comparables on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
