FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Helen Hall
DOCKET NO.: 25-01284.001-R-1
PARCEL NO.: 09-25-213-059

The parties of record before the Property Tax Appeal Board are Helen Hall, the appellant, by attorney Arden Edelcup, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$9,974
IMPR.:	$107,774
TOTAL:	$117,748

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,472 square feet of living area. The dwelling was constructed in 1992 and is 33 years old. Features of the home include a full, walk-out style basement with finished area, central air conditioning, a fireplace, and a 380 square foot garage. The property is located in Wauconda, Wauconda Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the subject's assessment neighborhood and within .09 of a mile of the subject. The comparables consist of dwellings of wood siding exterior construction containing either 1,277 or to 1,472 square feet of living area. The homes were each built in 1989. Each dwelling has central air conditioning, a fireplace, and a garage containing either 210 or 380 square feet of building area. Two

comparables have basement foundations with one having finished area. The comparables sold from January 2024 to April 2025 for prices ranging from $260,000 to $318,000 or from $176.63 to $249.02 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of $105,323, for an estimated market value of $316,001 or $214.67 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $122,123. The subject's assessment reflects a market value of $366,406 or $248.92 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the subject's assessment neighborhood and within .15 of a mile of the subject. The comparables consist of two-story dwellings of wood siding exterior construction each containing 1,472 square feet of living area. The dwellings are 33 or 36 years old. Each dwelling has central air conditioning and a 380 square foot garage. Two comparables each have a full basement with finished area and a fireplace. The comparables sold from May 2023 to June 2025 for prices ranging from $352,500 to $360,000 or from $239.47 to $244.57 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #3 and the board of review's comparable #1, which differ from the subject in foundation. The Board finds the parties' remaining comparables are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices ranging from $275,000 to $357,000 or from $215.35 to $249.02 per square foot of living area, including land. The subject's assessment reflects a market value of $366,406 or $248.92 per square foot of living area, including land, which is slightly above the best comparable sales in this record overall and within the range on a per-square-foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
