FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Joseph Farnin
DOCKET NO.: 25-01291.001-R-1
PARCEL NO.: 09-21-416-009

The parties of record before the Property Tax Appeal Board are Joseph Farnin, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$22,994
IMPR.:	$99,092
TOTAL:	$122,086

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,244 square feet of living area.[1] The dwelling was constructed in 1992 and is approximately 33 years old. Features of the home include a basement, central air conditioning, one fireplace and a garage with 420 square feet of building area. The property has a site with approximately 11,144 square feet of land area and is located in Island Lake, Wauconda Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine suggested equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story wood frame exterior construction ranging in size from 2,255 to 2,335 square feet of living area. The dwellings range in age from 34 to 36 years old. Each comparable has a basement, central air conditioning and a garage ranging in size from 380 to 420

[1] The Board finds the best description of the subject is found in the property record card provided by the board of review, that was not refuted by the appellant.

square feet of building area. Eight comparables each have one fireplace. The comparables have improvement assessments that range from $90,163 to $96,843 or from $39.24 to $42.08 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $122,086. The subject property has an improvement assessment of $99,092 or $44.16 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables located in the same assessment neighborhood as the subject property. Comparable #1 is the same property as the appellant's comparable #6. The comparables are improved with 2-story dwellings of brick or vinyl siding exterior construction with 2,255 or 2,321 square feet of living area. The dwellings range in age from 33 to 35 years old. Each comparable has a basement, central air conditioning, one fireplace and a garage containing 400 or 420 square feet of building area. The comparables have improvement assessments ranging from $99,097 to $103,931 or from $43.95 to $44.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven suggested comparables for the Board's considerations, with one comparable being common to both parties. The Board finds that all of the comparables are similar to the subject in location, design, dwelling size, age, and features. The comparables have improvement assessments ranging from $90,163 to $103,931 or from $39.24 to $44.78 per square foot of living area. The subject's improvement assessment of $99,092 or $44.16 per square foot of living area falls within the range of the comparables in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
