FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Todd Michalski
DOCKET NO.: 25-01296.001-R-1
PARCEL NO.: 10-19-307-029

The parties of record before the Property Tax Appeal Board are Todd Michalski, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$24,975
IMPR.:	$121,215
TOTAL:	$146,190

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,392 square feet of living area. The dwelling was constructed in 1998 and is approximately 27 years old. Features of the home include a basement, central air conditioning, one fireplace and a garage with 462 square feet of building area. The property has a site with approximately 18,858 square feet of land area and is located in Wauconda, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven[1] suggested equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story wood frame exterior construction ranging in size from 2,275 to 2,496 square feet of living area. The dwellings range in age from 30 to 33 years old. Each comparable has a basement, central air conditioning, one fireplace and a garage ranging in size from 441 to 660 square feet of building area. The comparables have improvement assessments that range

[1] Comparables #4 and #7 are duplicates of comparables #3 and #6, respectively.

from $110,154 to $119,898 or from $45.86 to $49.16 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $146,190. The subject property has an improvement assessment of $121,215 or $50.68 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables located in the same assessment neighborhood as the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,325 to 2,392 square feet of living area. The dwellings range in age from 25 to 29 years old. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a garage ranging in size from 440 to 731 square feet of building area. The comparables have improvement assessments ranging from $118,193 to $119,258 or from $49.54 to $51.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 11 suggested comparables for the Board's considerations. The Board has given reduced weight to board of review comparables #1 and #2 due to their finished basements when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparables #3 and #4. The Board finds that these comparables are most similar to the subject in location, design, dwelling size, age and features. The comparables have improvement assessments ranging from $110,154 to $119,898 or from $45.86 to $50.84 per square foot of living area. The subject's improvement assessment of $121,215 or $50.68 per square foot of living area falls within the range of the best comparables in the record on a per square foot basis but slightly higher on an overall improvement basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
