FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jason Lake
DOCKET NO.: 25-01299.001-R-1
PARCEL NO.: 10-35-201-029

The parties of record before the Property Tax Appeal Board are Jason Lake, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$55,544
IMPR.:	$210,937
TOTAL:	$266,481

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,186 square feet of living area.[1] The dwelling was constructed in 1997 and is approximately 28 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a garage with 800 square feet of building area. The property has a site with approximately 10,703 square feet of land area and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine suggested equity comparables located in the same assessment neighborhood code as the subject and from .15 of a mile to 1.39 miles from the subject property. The comparables are improved with 2-story wood frame exterior construction ranging in size from 3,977 to 4,332 square feet of living area. The dwellings range in age from 34 to 40 years old. Each comparable has a basement, central air conditioning, one

fireplace and a garage ranging in size from 846 to 1,035 square feet of building area. The comparables have improvement assessments that range from $146,082 to $206,638 or from $36.73 to $48.04 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $266,481. The subject property has an improvement assessment of $210,937 or $50.39 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables located in the same assessment neighborhood as the subject and from .14 of a mile to 1.29 miles from the subject property. The comparables are improved with 1-story or 1.5-story dwellings of brick or wood siding exterior construction ranging in size from 3,964 to 4,266 square feet of living area. The dwellings range in age from 31 to 36 years old. Each comparable has a basement two with finished area, central air conditioning, from two to five fireplaces and a garage ranging in size from 794 to 1,000 square feet of building area. The comparables have improvement assessments ranging from $210,918 to $231,600 or from $49.44 to $58.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 12 suggested comparables for the Board's considerations. The Board has given reduced weight to appellant's comparable #1 as well as board of review comparable #2 due to their location of over one mile away from the subject property.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 through #9 along with board of review comparables #1 and #3. The Board finds that these comparables are most similar to the subject in location, dwelling size, and some features with varying degrees of similarities in age and design. These best comparables have improvement assessments ranging from $187,852 to $219,447 or from $42.96 to $53.24 per square foot of living area. The subject's improvement assessment of $210,937 or $50.39 per square foot of living area falls within the range of the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
