FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Peggy Kreisman
DOCKET NO.: 25-01397.001-R-1
PARCEL NO.: 16-36-413-018

The parties of record before the Property Tax Appeal Board are Peggy Kreisman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$97,861
IMPR.:	$172,297
TOTAL:	$270,158

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,320 square feet of living area. The dwelling was constructed in 1937 and is 88 years old.[1] Features of the home include a full basement, central air conditioning, two fireplaces, and a 440 square foot garage. The property has a 10,707 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and within .27 of a mile of the

[1] The property record card submitted by the board of review, which was not refuted by the appellant, lists an effective age of 1980 based on the board of review's assumption that maintenance and updates have been made to the home.

subject. The comparables consist of 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,010 to 2,650 square feet of living area. The homes range in age from 80 to 99 years old. Each dwelling has a full basement, central air conditioning, a fireplace, and a garage ranging from 190 to 375 square feet of building area. The comparables have improvement assessments ranging from $133,639 to $176,509 or from $66.22 to $68.95 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of $155,393 or $66.98 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $270,158. The subject property has an improvement assessment of $172,297 or $74.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood and from .21 of a mile to 1.29 miles from the subject. The comparables consist of 1.5-story or 2-story dwellings of brick, wood siding, or stone exterior construction ranging from 2,118 to 2,440 square feet of living area. The homes are 73 to 115 years old. Each dwelling has a full basement, central air conditioning, two fireplaces, and a garage ranging from 252 to 550 square feet of building area. The comparables have improvement assessments ranging from $159,547 to $179,800 or from $73.69 to $75.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the board of review's comparable #2, which is located more than one mile from the subject. The Board finds the parties' remaining comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from $133,639 to $179,800 or from $66.22 to $75.33 per square foot of living area. The subject's improvement assessment of $172,297 or $74.27 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
