FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Christopher Tonner
DOCKET NO.: 25-01415.001-R-1
PARCEL NO.: 15-36-103-030

The parties of record before the Property Tax Appeal Board are Christopher Tonner, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$111,233
IMPR.:	$158,803
TOTAL:	$270,036

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick and frame exterior construction with 4,071 square feet of living area. The dwelling was constructed in 1965 and is approximately 60 years old. Features of the home include central air conditioning, two fireplaces and a 1,092 square foot garage. The property has an approximately 80,017 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables located in the same assessment neighborhood code and within 1.72 miles of the subject. The comparables are improved with 1-story dwellings of frame or brick and frame exterior construction ranging in size from 3,609 to 4,571 square feet of living area. The homes range in age from 67 to 86 years old. Each comparable has central air conditioning, one or two

fireplaces and a garage ranging in size from 460 to 1,540 square feet of building area. Three comparables have a basement with two having finished area. The comparables have improvement assessments ranging from $38,617 to $175,197 or from $9.00 to $44.79 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $143,828 or $35.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $270,036. The subject has an improvement assessment of $158,803 or $39.01 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story dwellings of brick, or frame and brick exterior construction ranging in size from 3,783 to 3,967 square feet of living area. The homes were built from 1959 to 1978. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 576 to 3,402 square feet of building area. One comparable has a basement. The comparables have improvement assessments ranging from $158,801 to $178,351 or $41.57 and $47.15 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #8 and the board of review's comparables #1 and #2 which are less similar to the subject in location, garage capacity, and/or basement area, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparable #9 and the board of review's comparable #3 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments of $131,835 and $158,801 or $35.33 and $41.57 per square foot of living area. The subject's improvement assessment of $158,803 or $39.01 per square foot of living area falls just above the two best comparables in this record on an overall improvement assessment basis and with the two best comparables. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
