FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Marsha Karp
DOCKET NO.: 25-01416.001-R-1
PARCEL NO.: 15-36-202-011

The parties of record before the Property Tax Appeal Board are Marsha Karp, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$102,526
IMPR.:	$322,329
TOTAL:	$424,855

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 5,039 square feet of living area. The dwelling was constructed in 1999 and is approximately 26 years old. Features of the home include a basement with finished area, 5½ bathrooms, central air conditioning, four fireplaces and a 791 square foot garage. The property has an approximately 42,342 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables located in the same assessment neighborhood code and within .20 of a mile of the subject. The comparables are improved with 2-story dwellings of frame, brick or frame and brick exterior construction ranging in size from 4,468 to 5,756 square feet of living area. The homes range in age from 25 to 31 years old. Each comparable has a basement with finished

area, 4 to 5½ bathrooms, central air conditioning, from one to five fireplaces and a garage ranging in size from 648 to 1,443 square feet of building area. The comparables have improvement assessments ranging from $243,616 to $296,123 or from $47.79 to $61.13 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $283,948 or $56.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $424,855. The subject has an improvement assessment of $322,329 or $63.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code and within .28 of a mile of the subject property. The comparables are improved with 2-story dwellings of brick or brick and frame exterior construction ranging in size from 4,573 to 5,253 square feet of living area. The homes were built from 1995 to 1998. Each comparable has a basement with finished area, 3½ to 6½ bathrooms, central air conditioning, from one to five fireplaces and a garage ranging in size from 831 to 1,100 square feet of building area. The comparables have improvement assessments ranging from $305,691 to $336,744 or from $64.11 to $66.85 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #7, #8 and #9 which are less similar to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 through #6 and the board of review's comparables which are more similar to the subject in location, age, design, dwelling size and some features. These comparables have improvement assessments that range from $243,616 to $336,744 or from $50.27 to $66.85 per square foot of living area. The subject's improvement assessment of $322,329 or $63.97 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
