FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Brian Lang
DOCKET NO.: 25-01425.001-R-1
PARCEL NO.: 16-09-207-003

The parties of record before the Property Tax Appeal Board are Brian Lang, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$118,710
IMPR.:	$181,249
TOTAL:	$299,959

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood frame exterior construction with 2,405 square feet of living area. The dwelling was constructed in 1960 and is approximately 65 years old. Features of the home include a basement with finished area, 4½ bathrooms, central air conditioning[1], two fireplaces and a 460 square foot garage[2]. The property has an approximately 22,600 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on nine

[1] The Board finds the best description of the subject's central air conditioning was found in Section III of the appellant's appeal petition which depicts the subject has central air conditioning.
[2] The Board finds the best description of the subject property was found in the property record card submitted by the board of review, not refuted by the appellant.

equity comparables located in the same assessment neighborhood code and within .70 of a mile of the subject. The comparables are improved with 1-story dwellings of wood frame exterior construction ranging in size from 2,354 to 2,499 square feet of living area. The homes range in age from 63 to 73 years old. Each comparable has a basement, from 1½ to 5 bathrooms, central air conditioning, a fireplace and a garage ranging in size from 420 to 675 square feet of building area. The comparables have improvement assessments ranging from $88,869 to $173,172 or from $36.91 to $71.21 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $137,301 or $57.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $299,959. The subject has an improvement assessment of $181,249 or $75.36 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on two equity comparables with comparable #2 being the same as the appellant's comparable #6. The comparables are located in the same assessment neighborhood code and within .60 of a mile of the subject property. The comparables are improved with 1-story dwellings of brick or vinyl exterior construction with 2,432 or 2,553 square feet of living area. The homes are 50 or 68 years old. Each comparable has a basement with finished area, 3 or 4 bathrooms, central air conditioning, one or two fireplaces and a garage with 480 or 506 square feet of building area. The comparables have improvement assessments of $173,172 and $219,421 or $71.21 and $85.95 per square foot of living area.

The assessor argued the subject has had several rehabs in the kitchen and baths, added a bath and finished the basement area. The subject has central air conditioning, per the last MLS listing, but is not in the property record card yet.

Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten equity comparables for the Board's consideration with one common comparable between both parties. The Board gives less weight to the appellant's comparables #1 through #5 and #7 through #9 which are less similar to the subject in bathroom count and/or lack finished basement area, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #6 and the board of review's comparables, which includes the common comparable, which are more similar to the subject in location, age, design, dwelling size, bathroom count, basement finished area and most features. These comparables have improvement assessments of $173,172 and $219,421 or $71.21 and $85.95 per square foot of living area. The subject's improvement assessment of $181,249 or $75.36 per square foot of living area is bracketed by the two best comparables in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
