## Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

## Findings of Fact

The subject property consists of a 2-story dwelling of wood frame exterior construction with 2,334 square feet of living area. The dwelling was constructed in 1920 and is approximately 105 years old. Features of the home include a basement with finished area[1] and a 484 square foot garage. The property has an approximately 6,750 square foot site and is located in Highalnd Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on eight equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in

size from 2,231 to 2,431 square feet of living area. The homes range in age from 71 to 134 years old. Each comparable has a basement and a garage ranging in size from 400 to 768 square feet of building area. Six comparables each have central air conditioning and four comparables each have a fireplace. The comparables have improvement assessments ranging from $89,447 to $147,810 or from $40.07 to $66.22 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $117,167 or $50.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $183,902. The subject has an improvement assessment of $137,630 or $58.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 1,990 to 2,192 square feet of living area. The homes range in age from 26 to 105 years old. Each comparable has a basement, with one having finished area. Each comparable has central air conditioning and a garage ranging in size from 360 to 624 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from $130,239 to $198,265 or from $63.95 to $90.45 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

## Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3, #4, #6, #7 and #8 and the board of review's comparables which are less similar to the subject in age and/or central air conditioning, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #5 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments of $128,437 and $147,810 or $54.61 and $66.22 per square foot of living area. The subject's improvement assessment of $137,630 or $58.97 per square foot of living area is bracketed by the two best comparables in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in

the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
