FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Tony Eshaya
DOCKET NO.: 25-01435.001-R-1
PARCEL NO.: 16-18-403-001

The parties of record before the Property Tax Appeal Board are Tony Eshaya, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$204,590
IMPR.:	$498,948
TOTAL:	$703,538

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 7,925 square feet of living area. The dwelling was constructed in 2003 and is approximately 22 years old. Features of the home include a basement with finished area, central air conditioning, five fireplaces, an inground swimming pool, and a 1,399 square foot garage.[1] The property is located in Bannockburn, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on eight suggested equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood frame exterior

construction ranging in size from 6,929 to 8,880 square feet of living area. The dwellings were 4 to 34 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 792 to 1,716 square feet of building area. The comparables have improvement assessments that range from $327,697 to $528,405 or from $45.28 to $59.89 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $703,538. The subject property has an improvement assessment of $498,948 or $62.96 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.75-story or 2-story dwellings of brick, stucco or wood siding exterior construction ranging in size from 5,908 to 6,316 square feet of living area. The dwellings were 16 to 20 years old. Each comparable has a basement with finished area, central air conditioning, two or three fireplaces, and a garage ranging in size from 1,125 to 1,439 square feet of building area. Comparables #1 and #2 each have an inground swimming pool. The comparables have improvement assessments ranging from $369,546 to $397,853 or from $61.06 to $65.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven suggested comparables for the Board's consideration. The Board has given less weight to appellant's comparables #2, #3, #5 and #6 as well as the board of review comparables which are less similar to the subject in age, dwelling size and/or basement size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #4, #7 and #8 which are more similar to the subject in age, dwelling size and some features. However, upward adjustments are necessary to these comparables for lacking a finished basement and an inground swimming pool which are features of the subject. These comparables have improvement assessments ranging from $483,181 to $528,405 or from $57.10 to $59.89 per square foot of living area. The subject's improvement assessment of $498,948 or $62.96 per square foot of living area falls within the range of the best comparables in the record on an overall basis but higher on a per square foot basis, which is logical given the subject's smaller dwelling size and superior features. Based on this record and after considering adjustments to the

best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
