FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Pam Schwartz
DOCKET NO.: 25-01436.001-R-1
PARCEL NO.: 16-20-403-029

The parties of record before the Property Tax Appeal Board are Pam Schwartz, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$58,494
IMPR.:	$184,744
TOTAL:	$243,238

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood frame exterior construction with 3,214 square feet of living area.[1] The dwelling was constructed in 1969 and is approximately 56 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 484 square foot garage. The property has an approximately 11,840 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparables with the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 3,058 to 3,301 square feet of living area. The dwellings are 57 to 59 years old and have unfinished basements. Each home has

central air conditioning, one fireplace and a garage ranging in size from 440 to 858 square feet of building area. The comparables have improvement assessments ranging from $167,896 to $219,997 or from $54.90 to $68.90 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $243,238. The subject has an improvement assessment of $184,744 or $57.48 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 2,911 to 3,206 square feet of living area. The dwellings are 57 or 58 years old and have basements, two with finished area. Each home has central air conditioning, one fireplace and a garage ranging in size from 460 to 552 square feet of building area. The comparables have improvement assessments ranging from $177,497 to $185,715 or from $57.93 to $62.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve equity comparables for the Board's consideration. These comparables are similar to the subject in location, age, dwelling size and some features. These comparables had improvement assessments ranging from $167,896 to $219,997 or from $54.90 to $68.90 per square foot of living area. The subject's improvement assessment of $184,744 or $57.48 per square foot of living area is within the range established by the comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
