FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Hanif Suchwani
DOCKET NO.: 25-01463.001-R-1
PARCEL NO.: 15-33-210-021

The parties of record before the Property Tax Appeal Board are Hanif Suchwani, the appellant, by attorney Arden Edelcup of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$36,312
IMPR.:	$113,560
TOTAL:	$149,872

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 1,549 square feet of above ground living area. The dwelling was constructed in 1981. Features of the property include a finished lower level, central air conditioning, 2½ bathrooms and a garage with 460 square feet of building area. The property has an 8,820 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .32 of a mile from the subject property. The comparables are improved with split-level dwellings of frame exterior construction, each containing 1,549 square feet of above ground living area. The dwellings were built from 1978 to 1981. The comparables

each have a finished lower level, central air conditioning, 2½ bathrooms and a garage with 460 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments that range from $111,176 to $112,627 or from $71.77 to $72.71 per square foot of above ground living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $109,176 or $70.48 per square foot of above ground living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $149,872. The subject has an improvement assessment of $113,560 or $73.31 per square foot of above ground living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that have the same assessment neighborhood code as the subject and are located within approximately .28 of a mile from the subject property. The comparables are improved with split-level dwellings of frame exterior construction, each containing 1,549 square feet of above ground living area. The dwellings were built in 1978 or 1981. The comparables each have a finished lower level, central air conditioning, 2½ bathrooms and a garage with 460 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments that range from $113,392 to $116,232 or from $73.20 to $75.04 per square foot of above ground living area.

Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board finds all the comparables are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from $111,176 to $116,232 or from $71.77 to $75.04 per square foot of above ground living area. The subject's improvement assessment of $113,560 or $73.31 per square foot of above ground living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the

parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
