FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jay Park
DOCKET NO.: 25-01501.001-R-1
PARCEL NO.: 16-15-117-014

The parties of record before the Property Tax Appeal Board are Jay Park, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$40,379
IMPR.:	$141,998
TOTAL:	$182,377

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 1,652 square feet of living area. The dwelling was constructed in 1956 and is approximately 69 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 604 square foot garage[1]. The property has an approximately 7,854 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales located within .97 of a mile of the subject property. The comparables have sites that range in size from 11,574 to 20,852 square feet of land area and are improved with 1-story dwellings of wood frame exterior construction

[1] The Board finds the best description of the subject property was found in the property record card submitted by the board of review, not refuted by the appellant.

ranging in size from 1,496 to 1,963 square feet of living area. The dwellings range in age from 69 to 75 years old. Each comparable has a basement, with three having finished area[2]. Each comparable has central air conditioning and a garage ranging in size from 368 to 912 square feet of building area. Four comparables each have a fireplace. The properties sold from July 2023 to May 2025 for prices ranging from $440,000 to $610,000 or from $224.15 to $369.70 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $151,418 which reflects a market value of $454,299 or $275.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $182,377. The subject's assessment reflects a market value of $547,186 or $331.23 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales with comparables #1, #2 and #3 being the same properties as the appellant's comparables #4, #6 and #7, respectively. The comparables are located within .84 of a mile from the subject property. The comparables have sites that range in size from 11,575 to 15,201 square feet of land area and are improved with 1-story dwellings of brick exterior construction ranging in size from 1,496 to 1,821 square feet of living area. The homes range in age from 68 to 71 years old. Each comparable has a basement with finished area, central air conditioning, and a garage ranging in size from 528 to 594 square feet of building area. One comparables has a fireplace. The properties sold from March to May 2025 for prices ranging from $550,000 to $610,000 or from $332.24 to $369.70 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration with three common comparables submitted by both parties. The Board gives less weight to the appellant's comparables #1, #2, #3, and #5 which are less similar to the subject in dwelling size, sold less proximate to the January 1, 2025 assessment date and/or lack of basement finished area, a feature of the subject.

[2] The appellant's comparables #4, #6 and #7, also submitted by the board of review, are depicted to have finished basement area.

The Board finds the best evidence of market value to be the appellant's comparables #4, #6 and #7 and the board of review's comparables, the three common comparables, which are more similar to the subject in dwelling size, basement finished area, other features and sold proximate to the January 1, 2025 assessment date. The properties sold from March to May 2025 for prices ranging from $550,000 to $610,000 or from $332.24 to $369.70 per square foot of living area, land included. The subject's assessment reflects a market value of $547,186 or $331.23 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
