FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Albert Lee
DOCKET NO.: 25-01505.001-R-1
PARCEL NO.: 16-15-300-007

The parties of record before the Property Tax Appeal Board are Albert Lee, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$51,060
IMPR.:	$125,850
TOTAL:	$176,910

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood frame exterior construction with 1,956 square feet of living area. The dwelling was constructed in 1950 and is approximately 75 years old. Features of the home include a basement with finished area, central air conditioning, and a 528 square foot garage. The property has an approximately 10,132 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 1.04 miles of the subject property. The comparables have sites that range in size from 8,154 to 22,477 square feet of land area and are improved with 1½-story or 2-story dwellings of wood frame exterior construction ranging in size from 1,836 to 2,080 square feet of living area. The dwellings range in age from 61 to 135 years old. Each comparable has a basement and a garage ranging in size

from 210 to 513 square feet of building area. One comparable has central air conditioning and one comparable has a fireplace. The properties sold from April 2023 to July 2025 for prices ranging from $350,000 to $525,000 or from $190.63 to $252.40 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $140,818 which reflects a market value of $422,496 or $216.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $176,910. The subject's assessment reflects a market value of $530,783 or $271.36 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .41 of a mile of the subject property. The comparables have sites that range in size from 8,250 to 16,524 square feet of land area and are improved with 1-story or 2-story dwellings of brick or wood siding exterior construction ranging in size from 1,430 to 2,228 square feet of living area. The homes were 68 or 86 years old. Each comparable has a garage ranging in size from 484 to 546 square feet of building area. Two comparables each have a basement with finished area, two comparables each have central air conditioning and one comparable has a fireplace. The properties sold from February 2024 to January 2025 for prices ranging from $475,000 to $665,000 or from $279.49 to $332.17 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparable sales for the Board's consideration. The board finds that none of the comparables are particularity similar to the subject as they all differ from the subject in key characteristics such as location, foundation, design, age, lack of air conditioning, lack of basement finished area, dwelling size and/or sold less proximate to the January 1, 2025 assessment date. These comparables sold from April 2023 to July 2025 for prices ranging from $350,000 to $665,000 or from $190.63 to $332.17 per square foot of living area, including land. The subject's assessment reflects a market value of $530,783 or $271.36 per square foot of living area, including land, which falls with the range established by the comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
