FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Stephan Crandall
DOCKET NO.: 25-01507.001-R-1
PARCEL NO.: 16-15-304-006

The parties of record before the Property Tax Appeal Board are Stephan Crandall, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$57,748
IMPR.:	$339,845
TOTAL:	$397,593

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,589 square feet of living area. The dwelling was constructed in 2007 and is approximately 18 years old. Features of the home include a basement with finished area, central air conditioning, 2 fireplaces and a 462 square foot garage[1]. The property has an approximately 12,763 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .90 of a mile of the subject property. The comparables have sites that range in size from 12,197 to 15,473 square feet of land area and are improved with 1.75-story or 2-story dwellings of wood frame exterior

[1] The Board finds the best description of the subject property was found in the property record card submitted by the board of review, not refuted by the appellant.

construction ranging in size from 3,273 to 4,153 square feet of living area. The dwellings range in age from 21 to 24 years old. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 441 to 800 square feet of building area. The properties sold from May 2024 to January 2025 for prices ranging from $950,000 to $1,277,000 or from $288.95 to $315.46 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $350,491 which reflects a market value of $1,051,578 or $293.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $397,593. The subject's assessment reflects a market value of $1,192,898 or $332.38 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales located within .83 of a mile of the subject property. The comparables have sites of 12,918 or 21,632 square feet of land area and are improved with 2-story dwellings of brick exterior construction with 2,903 or 3,566 square feet of living area. The homes are 61 or 70 years old. Each comparable has a basement, with one having finished area, central air conditioning, and a fireplace. The properties sold in September 2024 and April 2025 for prices of $1,000,000 and $1,550,000 or $344.47 and $434.66 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted five comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review's comparables which are less similar to the subject in design and/or age.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #3 which are more similar to the subject in design, location, age and other items. These comparables sold in May and June 2024 for prices of $1,200,000 and $1,277,000 or $288.95 and $315.46 per square foot of living area, including land. The subject's assessment reflects a market value of $1,192,898 or $332.38 per square foot of living area, including land, which is bracketed the two best comparable sales in this record on an overall market value basis and above the two best comparables on a price per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
