FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Tony Agostinelli
DOCKET NO.: 25-01508.001-R-1
PARCEL NO.: 16-15-305-003

The parties of record before the Property Tax Appeal Board are Tony Agostinelli, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$54,990
IMPR.:	$210,812
TOTAL:	$265,802

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 2,132 square feet of living area. The dwelling was constructed in 1977 and is approximately 48 years old. Features of the home include a basement with finished area[1], central air conditioning, a fireplace and a 450 square foot garage. The property has an approximately 11,748 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales located within 1.18 miles of the subject property. The comparables have sites that range in size from 12,689 to 20,852 square feet of land area and are improved with 1-story dwellings of wood frame exterior construction

[1] The Board finds the best description of the subject's basement area was found in the property record card submitted by the board of review, not refuted by the appellant.

ranging in size from 1,821 to 2,304 square feet of living area. The dwellings range in age from 70 to 72 years old. Each comparable has a basement, central air conditioning, and a garage ranging in size from 368 to 912 square feet of building area. Three comparables have a fireplace. The properties sold from January 2023 to March 2025 for prices ranging from $440,000 to $632,000 or from $224.15 to $332.24 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $189,018 which reflects a market value of $567,111 or $266.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $236,643. The subject's assessment reflects a market value of $710,000 or $333.02 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales with comparable #3 being the same as the appellant's comparable #7. The comparables are located within 1.05 miles of the subject property. The comparables have sites that range in size from 12,687 to 17,245 square feet of land area and are improved with 1-story dwellings of brick exterior construction ranging in size from 1,650 to 1,992 square feet of living area. The homes range in age from 68 to 76 years old. Each comparable has a basement, with two having finished area. Each comparable has central air conditioning and a garage ranging in size from 528 to 624 square feet of building area. Two comparables each have a fireplace. The properties sold from May 2024 to April 2025 for prices ranging from $605,000 to $655,000 or from $328.82 to $369.70 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds a reduction in the subject's assessment is warranted.

The parties submitted nine comparable sales for the Board's consideration with one common comparable between both parties. The Board gives less weight to the appellant's comparables and the board of review's comparable #3, which includes the common comparable, which are less similar to the subject in location and/or sold less proximate to the January 1, 2025 assessment date.

The Board finds the best evidence of market value to be the board of review's comparables #1 and #2 which are more similar to the subject in location and sold proximate to the January 1, 2025 assessment date. However, these properties present varying degrees of similarity to the subject in dwelling size and lack of basement suggesting adjustments are needed to make these comparables more equivalent to the subject.

These comparables sold in May 2024 and April 2025 for prices of $610,000 and $655,000 or $328.82 and $369.70 per square foot of living area, including land. The subject's assessment reflects a market value of $710,000 or $333.02 per square foot of living area, including land, which falls above the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject’s assessment is justified and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
