FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Baltazar Funes
DOCKET NO.: 25-01509.001-R-1
PARCEL NO.: 16-15-310-004

The parties of record before the Property Tax Appeal Board are Baltazar Funes, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$43,419
IMPR.:	$96,567
TOTAL:	$139,986

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 1,176 square feet of living area. The dwelling was constructed in 1954 and is approximately 71 years old. Features of the home include a basement, central air conditioning, an in-ground swimming pool and a 317 square foot garage. The property has an approximately 8,446 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales located within 1.46 of a mile of the subject property. The comparables have sites that range in size from 3,485 to 8,799 square feet of land area and are improved with 1-story dwellings of wood frame exterior construction ranging in size from 968 to 1,212 square feet of living area. The dwellings range in age from 61 to 131 years old. Each comparable has a basement. Three comparables each have central air

conditioning and four comparables each have a garage ranging in size from 360 to 572 square feet of building area. The properties sold from January to September 2024 for prices ranging from $257,500 to $400,000 or from $249.57 to $340.14 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $122,292 which reflects a market value of $366,913 or $312.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $151,898. The subject's assessment reflects a market value of $455,740 or $387.53 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .59 of a mile of the subject property. The comparables have sites that range in size from 3,300 to 11,575 square feet of land area and are improved with 1-story dwellings of brick, stucco or wood siding exterior construction ranging in size from 1,117 to 1,496 square feet of living area. The homes range in age from 67 to 97 years old. Each comparable has a basement, with two having finished area. Two comparables each have central air conditioning and two comparables each have a garage with 228 or 552 square feet of building area. The properties sold from May 2024 to May 2025 for prices ranging from $440,000 to $550,000 or from $367.65 to $443.15 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds a reduction in the subject's assessment is warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3, #5 and #6 and the board of review's comparables #1 and #2 which are less similar to the subject in location, age and/or dwelling size.

The Board finds the best evidence of market value to be the appellant's comparable #4 and the board of review's comparable #3 which are more similar to the subject in location, age, and dwelling size. These comparables sold in May and September 2024 for prices of $400,000 and $440,000 or $330.03 and $374.14 per square foot of living area, including land. The subject's assessment reflects a market value of $455,740 or $387.53 per square foot of living area, including land, which falls above the two best comparable sales in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the subject's assessment is not justified and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
