FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Rafael Labrador
DOCKET NO.: 25-01525.001-R-1
PARCEL NO.: 16-26-201-017

The parties of record before the Property Tax Appeal Board are Rafael Labrador, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$73,692
IMPR.:	$231,386
TOTAL:	$305,078

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,634 square feet of living area. The dwelling was constructed in 2005 and is approximately 20 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 380 square foot garage. The property has an approximately 7,500 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on nine comparable sales, eight of which are located within 0.29 of a mile to 1.48 miles from the subject property. The comparables have sites that range in size from 7,932 to 21,371 square feet of land area and are improved with 2-story or 2.5-story dwellings of wood frame exterior construction ranging in size from 2,283 to 3,083 square feet of living area. The dwellings are 19 to 106 years old. Each comparable has a basement with "0"

finished area, one fireplace and a garage ranging in size from 220 to 576 square feet of building area. Seven dwellings have central air conditioning. The properties sold from March 2024 to June 2025 for prices ranging from $659,000 to $1,025,000 or from $275.29 to $353.45 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $249,327 which reflects a market value of $748,056 or $284.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $305,078. The subject's assessment reflects a market value of $915,326 or $347.50 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.36 of a mile from the subject property. The comparables each have 10,001 square foot sites that are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,070 to 3,268 square feet of living area and are 17 to 21 years old. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 418 to 484 square feet of building area. The properties sold in January and June 2024 for prices ranging from $1,079,000 to $1,375,000 or from $330.17 to $447.88 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 13 comparable sales for the Board's consideration. The Board gives little weight to appellant comparables #2 through #7 and #9 which are less similar to the subject in age and/or are located more than one mile from the subject property.

The Board finds the best evidence of market value to be appellant comparables #1 and #8 along with the board of review's comparables which are more similar to the subject in location, age, design, dwelling size and some features. These comparables sold from January to November 2024 for prices ranging from $849,000 to $1,375,000 or from $308.28 to $447.88 per square foot of living area, including land. The subject's assessment reflects a market value of $915,326 or $347.50 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
