FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jason Sachs
DOCKET NO.: 25-01547.001-R-1
PARCEL NO.: 16-35-304-004

The parties of record before the Property Tax Appeal Board are Jason Sachs, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$49,404
IMPR.:	$108,469
TOTAL:	$157,873

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 1,584 square feet of living area. The dwelling was constructed in 1949 and has a chronological age of approximately 76 years old.[1] Features of the home include a basement with finished area, central air conditioning, one fireplace and a 299 square foot garage. The property has an approximately 11,704 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.45 of a mile from the subject property. The comparables have sites that range in size from 7,479 to 19,924 square feet

[1] The Board finds the best description of the subject was found in its property record card, submitted by the board of review, which disclosed the subject has 975 square feet of finished basement area and was rehabilitated in 2021 including the addition of a bathroom, which was not refuted by the appellant.

of land area and are improved with 1-story dwellings of frame exterior construction ranging in size from 1,285 to 1,821 square feet of living area. The dwellings are from 71 to 75 years old. Each comparable has a basement with "0" reported for finished area and central air conditioning. Two homes each have one fireplace and three comparables have a garage ranging in size from 280 to 460 square feet of building area. The properties sold from July 2023 to June 2025 for prices ranging from $350,000 to $460,000 or from $223.64 to $350.19 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $138,850 which reflects a market value of $416,592 or $263.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $157,873. The subject's assessment reflects a market value of $473,666 or $299.03 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.75 of a mile from the subject property. The comparables have sites that range in size from 7,280 to 10,916 square feet of land area and are improved with 1-story dwellings of brick exterior construction ranging in size from 1,120 to 1,836 square feet of living area. The homes are 67 to 73 years old. Three comparables have a basement with finished area. Each dwelling has central air conditioning. Three homes each have one fireplace and three comparables have a garage ranging in size from 252 to 308 square feet of building area. The properties sold from March 2024 to April 2025 for prices ranging from $470,000 to $595,000 or from $324.07 to $459.82 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives less weight to appellant comparables #1, #2 and #4 along with board of review comparables #2, #3 and #4 which are less similar to the subject in foundation type, dwelling size and/or sold in 2023, less proximate to the January 1, 2025 assessment date than other properties in the record.

The Board finds the best evidence of market value to be appellant comparable #3 and board of review comparable #1 which are more similar to the subject in location, age, design, dwelling size and features. These two comparables sold in March 2024 and June 2025 for prices of $450,000 and $482,000 or $340.64 and $350.19 per square foot of living area, including land. The subject's assessment reflects a market value of $473,666 or $299.03 per square foot of living

area, including land, which is bracketed by the two best comparable sales in this record on an overall market value basis and below the two best comparables on a price per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
