FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Scott Heimgartner
DOCKET NO.: 25-01549.001-R-1
PARCEL NO.: 16-36-105-009

The parties of record before the Property Tax Appeal Board are Scott Heimgartner, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$51,337
IMPR.:	$215,109
TOTAL:	$266,446

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,323 square feet of living area. The dwelling was constructed in 2007 and is approximately 18 years old.[1] Features of the home include a basement with finished area, central air conditioning, one fireplace and a 481 square foot garage. The property has an approximately 6,860 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.87 of a mile from the subject property. The comparables have sites that range in size from 9,553 to 24,137 square feet of land area and are improved with 1.5-story or 2-story dwellings of wood frame exterior

[1] The Board finds the best description of the subject was found in its property record card, submitted by the board of review and not refuted by the appellant.

construction ranging in size from 2,164 to 2,784 square feet of living area. The dwellings are 56 to 100 years old. Each comparable has a basement with "0" reported finished area and one fireplace. Three dwellings have central air conditioning and three properties have a garage ranging in size from 308 to 624 square feet of building area. The properties sold from January 2023 to May 2025 for prices ranging from $635,000 to $1,056,000 or from $267.26 to $379.31 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to $172,659 which reflects a market value of $518,029 or $223.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $266,446. The subject's assessment reflects a market value of $799,418 or $344.13 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located from 0.24 of a mile to 1.11 miles from the subject property. The comparables have sites that range in size from 9,250 to 15,600 square feet of land area and are improved with 1.75-story or 2-story dwellings of brick or stucco exterior construction ranging in size from 2,056 to 2,399 square feet of living area. The homes are 69 to 101 years old. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning and one fireplace. Three properties have a garage ranging in size from 360 to 440 square feet of building area. The properties sold from October 2024 to April 2025 for prices ranging from $805,500 to $1,125,000 or from $381.66 to $547.18 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives reduced weight to appellant comparables #1, #2 and #4 along with board of review comparable #1 which are less similar to the subject in location and/or sold in 2023, less proximate to the January 1, 2025 assessment date than other properties in the record. The Board also gives little weight to board of review comparable #4 which appears to be an outlier based on its per square foot sale price being more than 40% higher than the next highest per square foot sale price in the record.

The Board finds the best evidence of market value to be appellant comparable #3 and board of review comparables #2 and #3 which sold proximate to the assessment date at issue and are more similar to the subject in location, dwelling size and some features. However, each of these

comparables has a larger site size and is substantially older in age when compared to the subject, suggesting adjustments are needed to account for these differences from the subject. These best comparables sold from October 2024 to May 2025 for prices ranging from $706,000 to $925,000 or from $283.08 to $385.58 per square foot of living area, including land. The subject's assessment reflects a market value of $799,418 or $344.13 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
