FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Dave Mayber
DOCKET NO.: 25-01561.001-R-1
PARCEL NO.: 16-34-302-007

The parties of record before the Property Tax Appeal Board are Dave Mayber, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$74,068
IMPR.:	$205,025
TOTAL:	$279,093

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,940 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a garage with 462 square feet of building area. The property has a site with approximately 15,544 square feet of land area and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story brick and vinyl siding or brick and wood siding exterior construction ranging in size from 3,020 to 3,294 square feet of living area. The dwellings range in age from 59 to 62 years old. Each comparable has a basement, three with finished area, central air conditioning, one fireplace and a garage ranging in size from 441 to 552 square feet of building area. The comparables have improvement assessments that range from $192,017 to $215,373 or from

$63.58 to $65.60 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $279,093. The subject property has an improvement assessment of $205,025 or $69.74 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables located in the same assessment neighborhood as the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 2,667 to 3,052 square feet of living area. The dwellings are 59 and 60 years old. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 484 to 616 square feet of building area. The comparables have improvement assessments ranging from $192,017 to $209,970 or from $68.80 to $72.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's considerations. The Board has given reduced weight to appellant's comparable #4 due to its unfinished basement when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2 and #3 along with the board of review comparables. The Board finds that these comparables are most similar to the subject in location, design, dwelling size, finished basement, age, and features. The comparables have improvement assessments ranging from $192,017 to $215,373 or from $63.58 to $72.46 per square foot of living area. The subject's improvement assessment of $205,025 or $69.74 per square foot of living area falls within the range of the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
