FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jay Josephson
DOCKET NO.: 25-01627.001-R-2
PARCEL NO.: 11-35-401-031

The parties of record before the Property Tax Appeal Board are Jay Josephson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$122,899
IMPR.:	$408,012
TOTAL:	$530,911

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 4,191 square feet of living area. The dwelling was constructed in 2022 and is 3 years old. Features of the home include a basement, central air conditioning, two fireplaces, and a 905 square foot garage. The property has a 40,689 square foot site and is located in Mettawa, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from .18 of a mile to 1.41 miles from the subject. The comparables consist of two-story dwellings of frame or brick and frame exterior construction ranging in size from 3,928 to 4,883 square feet of living area. The homes are 25 to 58 years old. Each dwelling has a basement foundation, central air conditioning, one to four fireplaces, and a garage ranging in size from 714 to 1,860 square feet of building

area. The parcels range in size from 19,697 to 222,004 square feet of land area. The comparables sold from August 2023 to June 2024 for prices ranging from $800,000 to $1,306,824 or from $203.67 to $267.63 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of $349,215, for an estimated market value of $1,047,750 or $250.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $530,911. The subject's assessment reflects a market value of $1,592,892 or $380.07 per square foot of living area, land included, when using the 33.33% statutory level of assessment.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the subject's assessment neighborhood and within .32 of a mile of the subject. The comparables consist of one-story or two-story dwellings of frame exterior construction ranging in size from 2,957 to 5,053 square feet of living area. The dwellings were built in 2006 or 2023. Each dwelling has a basement foundation, central air conditioning, a fireplace, and a garage ranging in size from 836 to 1,392 square feet of building area. The parcels range in size from 36,290 to 50,338 square feet of land area. The comparables sold from June 2023 to December 2024 for prices ranging from $945,000 to $1,766,849 or from $319.58 to $437.85 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar to the subject due to differences in age, design, location, dwelling size, site size, and/or proximity of sale date. The Board finds the parties' comparables sold from June 2023 to December 2024 and have varying degrees of similarity to the subject. The comparables sold for prices ranging from $800,000 and $1,766,849 or from $203.67 to $437.85 per square foot of living area, including land. The subject's assessment reflects a market value of $1,592,892 or $380.07 per square foot of living area, including land, which is within the range of the parties' comparable sales. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
