FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Brent Engelberg
DOCKET NO.: 25-01760.001-R-2
PARCEL NO.: 16-03-101-002

The parties of record before the Property Tax Appeal Board are Brent Engelberg, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$146,714
IMPR.:	$428,224
TOTAL:	$574,938

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick exterior construction with 4,141 square feet of living area. The dwelling was constructed in 2000 and is 25 years old. Features of the home include a full basement, central air conditioning, four fireplaces, and a 630 square foot garage. The property has an 18,829 square foot site and is located in Lake Forest, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within the subject's assessment neighborhood and within .22 of a mile of the subject. The comparables consist of 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,803 to 5,644 square feet of living area. The homes were built from 1989 to 2004. Each dwelling has a basement foundation, central air conditioning, three or four fireplaces, and a garage ranging from

804 to 910 square feet of building area. The parcels range in size from 23,300 to 31,680 square feet of land area. The comparables sold from May 2023 to April 2025 for prices ranging from $1,375,000 to $1,900,000 or from $336.64 to $361.56 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of $469,805, for an estimated market value of $1,409,556 or $340.39 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $574,938. The subject's assessment reflects a market value of $1,724,986 or $416.56 per square foot of living area, land included, when using the 33.33% statutory level of assessment.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .79 of a mile of the subject, two of which are within the subject's assessment neighborhood. The comparables consist of 1.5-story, 1.75-story, or 2-story dwellings of brick or wood siding exterior construction ranging in size from 4,151 to 4,820 square feet of living area. The dwellings are 28 to 36 years old. Each dwelling has a basement foundation, central air conditioning, one to four fireplaces, and a garage ranging in size from 689 to 1,006 square feet of building area. The parcels range in size from 22,163 to 52,179 square feet of land area. The comparables sold from June 2023 to June 2025 for prices ranging from $1,799,000 to $2,250,000 or from $404.56 to $542.04 per square foot of living area, including land. The board of review also submitted a memorandum listing the subject's interior features and argued that the appellant's comparables differ from the subject in location, dwelling size, interior features, and/or exterior construction. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that the board of review's comparables #1 and #4 have been renovated, comparable #2 was not advertised for sale through the Multiple Listing Service, and that comparable #4 is also located in a different township from the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the comparables submitted by the appellant, as well as the board of review comparables #3 and #4, which differ from the subject in dwelling size and/or sold less proximate to the assessment date at issue. The Board finds the two remaining comparables presented by the board of review are most similar to the subject in location, dwelling size, and features. These most similar comparables sold for prices of $1,950,000 to $2,250,000 or $404.56 and $542.04 per square foot of living area, including land. The subject's assessment reflects a market value of $1,724,986 or $416.56 per

square foot of living area, including land, which falls below the two best comparable sales in this record overall and is bracketed by them on a per-square-foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
