FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Andrew Damore
DOCKET NO.: 25-01942.001-R-2
PARCEL NO.: 11-17-402-002

The parties of record before the Property Tax Appeal Board are Andrew Damore, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$112,098
IMPR.:	$401,628
TOTAL:	$513,726

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,597 square feet of living area. The dwelling was constructed in 2004 and is 21 years old. Features of the home include a full basement, central air conditioning, four fireplaces, and a 753 square foot garage. The property has a 26,191 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales located from .59 of a mile to 1.23 miles from the subject. The comparables consist of two-story dwellings of frame or brick and frame exterior construction ranging in size from 3,908 to 4,873 square feet of living area. The homes are 15 to 36 years old. Each dwelling has a basement foundation, central air conditioning, one to three fireplaces, and a garage ranging from 686 to 884 square feet of building area. The parcels

range in size from 12,419 to 32,485 square feet of land area. The comparables sold from January to August 2025 for prices ranging from $1,060,000 to $1,595,000 or from $240.10 to $368.02 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of $396,835, for an estimated market value of $1,190,624 or $259.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $513,726. The subject's assessment reflects a market value of $1,541,332 or $335.29 per square foot of living area, land included, when using the 33.33% statutory level of assessment.

In support of its contention of the correct assessment the board of review submitted information on one comparable sale located within the subject's assessment neighborhood and .07 of a mile from the subject. The comparable is a two-story dwelling of brick exterior construction with 5,392 square feet of living area. The dwelling was built in 2002 and has a basement foundation, central air conditioning, three fireplaces, and a 967 square foot garage. The parcel contains 29,651 square feet of land area. The comparable sold in December 2024 for a price of $1,600,000 or $296.74 per square foot of living area, including land. The board of review also noted that the subject sold in August 2023 for $1,475,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1 through #4, as well as the board of review's comparable, which differ from the subject in age, dwelling size, and/or location. The Board finds the appellant's two remaining comparables sold proximate to the assessment date at issue and are similar to the subject in age, location, dwelling size, and features. These two most similar comparables sold for prices of $1,310,000 and $1,595,000 or $333.50 and $368.02 per square foot of living area, including land. The subject's assessment reflects a market value of $1,541,332 or $335.29 per square foot of living area, including land, which is bracketed by the two best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
