FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Dino Svigos
DOCKET NO.: 25-01971.001-R-2
PARCEL NO.: 12-30-205-005

The parties of record before the Property Tax Appeal Board are Dino Svigos, the appellant, by attorney Spiro G. Zarkos, of Verros Berkshire, PC in Oakbrook Terrace; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$171,621
IMPR.:	$754,608
TOTAL:	$926,229

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2025 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 10,084 square feet of living area. The dwelling was constructed in 1927 and is 98 years old. Features of the home include a basement, five fireplaces, and an inground swimming pool.[1] The property has a 93,654 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located from two to four miles from the subject. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 7,467 to 10,627 square feet of living area. The homes are 38 to 131 years old. Each dwelling has a basement foundation, three

comparables have central air conditioning, and three comparables each have a garage ranging in size from 864 to 1,035 square feet of building area. Comparable #2 has an inground swimming pool, tennis court and greenhouse, comparable #3 has an inground swimming pool and bath house, and comparable #4 has an additional 480 square foot garage. The comparables have improvement assessments ranging from $331,386 to $585,040 or from $44.38 to $56.70 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of $527,189 or $52.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $926,229. The subject property has an improvement assessment of $754,608 or $74.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 8,077 to 11,879 square feet of living area. The homes were built from 1929 to 2015. Each dwelling has a basement foundation, three to nine fireplaces, and a garage ranging in size from 624 to 2,112 square feet of building area. Two comparables have central air conditioning. The comparables have improvement assessments ranging from $841,160 to $1,129,097 or from $74.49 to $110.70 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1, #2, and #3, as well as the board of review's comparables #1 and #3, which differ from the subject in age, dwelling size, and/or feature central air conditioning unlike the subject. The Board finds the parties' remaining comparables are more similar to the subject in age, dwelling size, and some features. These comparables have improvement assessments ranging from $585,040 to $884,845 or from $55.05 to $82.38 per square foot of living area. The subject's improvement assessment of $754,608 or $74.83 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
